

“License to Guess” Instructions

The Concept: Players will try to figure out the meaning of various personal license plates.

Items Needed: None.

Instructions: This can be an individual or group game. When each license plate shows on the screen, each team/individual will try to be the first to decipher the meaning.

When a team/person has the answer, it's up to you how you have them show you they know it. You could have them raise their hand, stand up, run to the front, do five pushups while making car sounds, or whatever you want.

You can give them hints on some of the tougher ones if they have trouble. Like on the NE1410S plate. Some people see the “10” as “1” and the letter “O” and have difficulty working it out. A simple hint like, “The ‘one oh’ could be a ten...” might push them in the right direction.

Scoring: One point for each correct answer. There's a tiebreaker if any of the teams/individuals are tied after the last question.
