

“Name that Nationality” Instructions

The Concept: The kids will have to work out which nationality is missing from the familiar word or phrase.

Items Needed: None.

Instructions: You can split your group into teams or have them play as individuals. The phrase will appear with a blank and can only be completed with a nationality.

Example: “_____ Shepherd” (which would of course be: German Shepherd.)

When a team/person has the answer, it's up to you how you have them show you they know it. You could have them raise their hand, stand up, run to the front, write the answer backwards in the language of the nationality, or whatever you want.

Scoring: One point for each correct answer. There's a tiebreaker if any of the teams/individuals are tied after the last question.
