

“Seeing is Believing” Instructions

The Concept: Players will have to figure out picture clues for people and books of the Bible.

Items Needed: Worksheet (included as a separate PDF file)

Instructions: This game is an individual game. Pass out the worksheet and start the game. The questions will appear one by one and the answers will not be given until the end. There is an alternate slide show built in to the presentation where the answer is given after each question if you prefer to play it that way. To use the alternate show, go to Slide Show → Custom Shows... → Show.

The answers to each question will be a book of or person from the Bible. Most of the clues are pretty easy, but if your group seems to be struggling with one, you could give them a hint of whether we’re looking for a book or a person.

Scoring: One point for each correct answer. Since you’ll have so many players and lots of them will end up tied, there isn’t a tiebreaker. You can quiz them at the end of the game to see how visually perceptive they were.
