

## **“Creature Features” Instructions**

**The Concept:** Players answer multiple choice, true/false and general questions about odd features of various creatures.

**Items Needed:** Worksheet (included as a separate PDF file)

**Instructions:** This game can be a team game or an individual game. To play it as an individual game, pass out the worksheets and have the players fill in the answers as the questions are shown. To play it as a team game, split your group into teams and give each team a worksheet to record their answers as a group.

When you play the presentation as normal, the game shows all of the questions first and then shows the answers at the end. There is also an alternate version of the game included that will show the answer to each question right after it is shown on the screen if you prefer to play it that way. To use the alternate slide show, go to Slide Show → Custom Shows... → Show.

**Scoring:** One point for each correct answer. There’s a tiebreaker if any of the teams/individuals are tied after the last question.
