

## “Gamin’ It Old School” Instructions

**The Concept:** Players attempt to answer questions about early video games and consoles.

**Items Needed:** Worksheet (included as a separate PDF file)

**Instructions:** This game can be a team game or an individual game. To play it as an individual game, pass out the worksheets and have the players fill in the answers as the questions are shown. To play it as a team game, split your group into teams and give each team a worksheet to record their answers as a group.

When you play the presentation as normal, the game shows all of the questions first and then the answers at the end. There is also an alternate version of the game included that will show the answer to each question right after it is shown on the screen. To use the alternate slide show, go to Slide Show → Custom Shows... → Show.

**Scoring:** One point for each correct answer. The final screens give a breakdown of how well they did based on their score from 0-12.
